

## The dashboard distribution solution

Transform your complex data into personalized emails to each recipient, including performance dashboards, process compliance scorecards, and project statuses. Provide the right information to the right people at the right time.

### A productivity enabler

Maximize the productivity of your audience by providing to them only the information they care.

Drive execution by tracking who review their personalized emails.

### A secured data sharing solution

Your data is distributed via a HTTPS protocol.

Data is available for download for a specific period you determine

### How does it work?

- 1 Design your own dashboard template or select one from Pushmydata
- 2 Upload your data on our secured server (https)
- 3 Send all personalized emails to different audience in one click
- 4 Track who opens his/her personalised email
